

## ARTISTS AND DESIGNERS

Titan Waterjet's 6' X 20' abrasive waterjet can create a vast array of art and design projects. In addition to our waterjet services, we also offer a full arsenal of design, engineering and fabrication services. We can create gallery-quality pieces, works for public installations, design prototypes and more.

## MATERIALS

Art materials are fairly limitless. Metals, woods, plastics, stone, ceramics, glass, laminates, fabrics, leather, vinyl, foams and much more.
